WASHINGTON, May 14, 2018 (GLOBE NEWSWIRE) -- FTI Consulting, Inc. (NYSE:FCN) today announced that FTI Consulting and its Compass Lexecon subsidiary were recognized as firm of the year in four categories at the annual *Who's Who Legal Awards* ceremony in London.

FTI Consulting was honored in the following categories:

- Consulting Firm of the Year
- Arbitration Consulting Firm of the Year
- Investigations Forensic Accounting Firm of the Year

Compass Lexecon was recognized as Competition Economics Firm of the Year.

FTI Consulting and Compass Lexecon are the only firms to receive the Arbitration Consulting Firm of the Year and Competition Economics Firm of the Year honors each year since they were introduced in 2015. FTI Consulting also is the only firm to receive the Consulting Firm of the Year honor since the accolade was introduced in 2017. The awards were given based on *Who's Who Legal* research and performance in jurisdictions around the world compared to peer firms.

"Receiving the most awards of any firm speaks to the breadth of expertise we bring to our clients each day," said [Steven H. Gunby](#), President and Chief Executive Officer of FTI Consulting. "Perhaps more important, these awards reflect the caliber of our professionals and their commitment to serving our clients on the most complex, high-stakes litigation, arbitration and investigations."

In addition to these four awards, *Global Arbitration Review*, a sibling publication of *Who's Who Legal*, recently ranked Compass Lexecon first and FTI Consulting fourth on its inaugural [GAR 100 Expert Witness Firms' Power Index](#). Using data reported by GAR 100 law firms from 2015 to 2017, the index assesses the average and median size of international arbitration claims handled by 28 expert firms and weighs the number of appearances at hearings, the number of experts featured in *GAR's Who's Who Legal* Expert Witness list and the number of professionals voted as Thought Leaders in industry surveys. Compass Lexecon ranked first in the median value of claims, at USD\$600 million, while FTI Consulting led all firms on the index in the number of hearings, with 72.
