

FTI Consulting Expands Relativity Offering to India

April 23, 2019

Global Partnership Brings Extensive E-Discovery Platform and Fast Processing Capabilities to Region

MUMBAI, India, April 23, 2019 (GLOBE NEWSWIRE) -- FTI Consulting, Inc. (NYSE: FCN) today announced the Company's [Technology](#) segment has expanded its partnership with Relativity to provide its e-discovery software solutions in India. With this partnership, FTI Technology is expanding its scope and scale of computer forensic and e-discovery capabilities in the region, broadening its ability to maintain consistent workflows for cross-border e-discovery matters in North America, Europe and Asia.

"The demand for e-discovery and digital forensics expertise is growing rapidly in India," said [Amit Jaju](#), a Senior Managing Director and Head of the FTI Technology segment in India. "Over the last year, FTI Technology has been investing to meet this demand and fulfill client needs across Asia. Bringing our expertise and partnership with the Relativity platform to this specific region will give our local experts additional resources to further streamline complex e-discovery matters for our clients and ensure they are both cost-effective and aligned with cross-border data protection requirements."

In addition to Relativity, FTI Technology is also launching its industry-leading [FTI Investigate](#) offering in India. FTI Investigate provides solutions for clients facing any range of digital investigations or e-discovery matters, with a tailor-made combination of computer forensics experts and technology. With the ability to deploy in a matter of hours anywhere in the world at scale, FTI Investigate ensures key facts are uncovered quickly, without the need to transfer sensitive or protected data off-site or out of country for review.

"Our team continues to demonstrate unmatched commitment to client service and helping multi-national organisations overcome every e-discovery challenge they face," Mr. Jaju said. "From legal holds to global, cross-border reviews, FTI Technology brings the full scope of people, process and technology required for every step of an investigation or e-discovery matter. Regardless of a client's technology needs or limitations, our experts can develop workflows and execute programmes that ensure efficient and successful outcomes."

FTI Technology provides clients with a choice of technology and service options to best meet their particular needs. Relativity augments other technologies offered by FTI Technology, including Ringtail® and Microsoft Office 365 Advanced eDiscovery.
