Baltimore, MD - June 13, 2007

In association with Corporate Board Member magazine, FTI Consulting executed the seventh annual comprehensive study of U.S. directors and corporate general counsel in order to rank directors' choices of the most respected law firms both nationally and by 25 metropolitan statistical areas. In addition to the rankings, the results of which are featured in the July/August issue of Corporate Board Member magazine, the study also gathered opinions and attitudes on today's most challenging corporate legal issues and practices.
